

Specific Diagnostics Announces the Creation of a European Warehouse and Servicing Center

January 12, 2022 – San Jose, California – FOR IMMEDIATE RELEASE

Specific Diagnostics today announces the opening of its European warehouse and servicing center in Amsterdam, Netherlands, to support its growing European operations. Working with global integrated logistics leader Crane Worldwide Logistics, Specific and its European subsidiary Specific Diagnostics Europe, Ltd., will warehouse Reveal® instruments and consumables in the Amsterdam facility. The European warehouse will ensure timely fulfillment of customer orders, enable modular instrument swap capability and serve as the regional service depot for repairs and part inventory.

“As the demand for Reveal Rapid AST in Europe is quickly growing, our goal is to ensure white glove service and support to each and every customer,” said Scott O’Brien, CCO of Specific. “Utilizing a globally trusted integrated logistics provider such as Crane Worldwide ensures our customers will be taken care of through the entire process from order to delivery to routine clinical use.”

“Specific is an admirable, growing diagnostics company who helps patients all over the world. Crane Worldwide is delighted to partner with Specific to provide integrated logistics solutions in our new Amsterdam facility servicing European operations. Supply chain management, in these turbulent times, is a critical component of a successful global business and we are excited to be a part of Specific’s growth in Europe,” comments Jason Stretton, Regional Vice President Europe at Crane Worldwide Logistics.

About Specific

Specific Diagnostics has developed *in vitro* diagnostic systems based upon a unique, patented metabolomic signature technology that enables rapid detection and identification of microorganisms as they grow in culture. Its first commercial application applies this fundamental new platform to the rapid determination of antimicrobial susceptibility directly from positive blood cultures, as well as isolate dilutions. Specific is based in San Jose, CA, with subsidiaries in Ireland, France and the UK.
